

ATTENTION PARENTS OF STUDENTS ENTERING 7TH GRADE IN 2017-18

The following vaccines (or a valid exemption) are required prior to entering 7th grade:

***1 dose of Meningococcal vaccine (MCV4)**

***1 booster dose of Tetanus, Diphtheria, and Pertussis (Tdap), if at least 5 years have passed since the last dose.**

If your child has already received these vaccines, please provide a copy of the immunization record to the school.

Getting these immunizations as soon as possible will help avoid the back-to-school rush. Students will not be allowed to attend school without the required immunizations or valid exemption.

Contact MS Health office if you need more information.

Thanks,
